

LOVE  
YOUR  
NOW

The brains at Buzztag have been busy thinking about what makes people happy. What expands hearts and souls? What inspires?

While food truck tacos and puppies and green lights on your morning commute are awesome, what makes the biggest difference in this wild, wonderful world is **thoughtfulness**—doing good, loving good, and making good stuff.

What we know for sure is that now is all we have.

So let's be thoughtful together.

What can you do to deliberately delight your crowd AND create brand believers AND rock at your job?

**Be obsessed with happiness. Give good swag. Inspire connection. Repeat.**

(We can help with all of that, by the way.)
